Rules of the Trail

- 1. Share the Trails**
 - Be respectful to other users
 - Mountain Bikers yield to hikers & runners
 - Small groups yield to large group
 - Stay in control and be aware of blind turns
 - Communicate clearly when passing
- 2. Travel Responsibly**
 - Obey all signs and closures; failure to do so may result in a fine
 - Do not bike if the ground is damp or muddy; this causes significant trail damage!
 - Walk or ride through advanced features or puddles to avoid widening the trail
- 3. Come Prepared**
 - Check our website beforehand for trail alerts
 - Let others know your route plan
 - Travel prepared with water, snacks, repair tools, a map, and a communication method
- 4. Respect our Appalachian Forest**
 - Properly dispose of all trash & pet waste
 - Do not disturb or feed wildlife
 - Respect and do not damage vegetation
 - Always stay on the established trail

**Hiking and running difficulty level may vary. Terrain features rolling hills; expect to be travelling both up and downhill during your visit.
**Driving: many of the roads within the Baileys Trail System area are gravel and may be rough. Use caution and travel at slow speeds, 4WD recommended. Trailhead lots are accessible without 4WD.
***Visit our website or contact us for more trail information or questions.
Contour Interval 25ft; Index Contours 100ft; all distances are in miles
